

Use only as directed.

Topical application only. Do not inject, do not administer orally or via any other route.

**Dosage:**

Select the appropriate applicator size for the weight of the cat.

Cat weight (kg)	Volume of unit dose(ml)	Fipronil (mg)	(s)-methoprene (mg)	Eprinomectin (mg)	Praziquantel (mg)
< 2,5	0,3	25	30	1,2	25
2,5-7,5	0,9	75	90	3,6	75
> 7,5 kg appropriate combination of applicators					

**Method of administration:**

Open one blister, remove the applicator from the package and hold it upright. Pull back the plunger slightly, twist and pull off the cap. Part the hair on the midline of the neck, between the base of the skull and the shoulder blades until the skin is visible. Place the tip of the applicator on the skin and apply the entire content directly onto the skin in one spot.
