

WARNINGS

- Handle with caution.
- For cats, safety has not been established during pregnancy and lactation. Use only according to the benefit/risk assessment by the responsible veterinarian.
- Do not use in the case of hypersensitivity to the active substance or to any of the excipients.
- Parasites need to start feeding on the host to become exposed to fluralaner; therefore the risk of the transmission of parasite-borne diseases cannot be excluded, but is reduced by the speed of efficacy.
- Care should be taken to avoid contact with the eyes of the animal.
- Do not use directly on skin lesions.
- Dogs can be washed/shampooed 3 days after treatment.
- Safety in **puppies** less than 8 weeks old and/or dogs weighing less than 2 kg has not been established.
- Safety in **kittens** less than 11 weeks old and/or cats weighing less than 1,2 kg has not been established.
- The product should not be administered at intervals shorter than 8 weeks as the safety for shorter intervals has not been tested.
- Keep the product in the original packaging until use.
- **Do not have contact with the animal or allow children to have contact with the animal until the application site is dry.**
- The product is highly flammable. Keep away from heat, sparks, open flames or other sources of ignition.
- KEEP OUT OF REACH OF CHILDREN, UNINFORMED PERSONS AND ANIMALS.
- Although this remedy has been extensively tested under a large variety of conditions, failure thereof may ensue as a result of a wide range of reasons. If this is suspected, seek veterinary advice and notify the registration holder.

PRECAUTIONS

- For topical use only. Avoid oral ingestion.
- Do not eat, drink or smoke while handling the product.
- Wash hands thoroughly with soap and water immediately after the product has been used.
- Do not store with food, drinks, medication or household products.
- Medicines should not be disposed of via wastewater or household waste but in accordance with the National Environmental Management: Waste Act, 2008 (Act No. 59 of 2008). These measures should help to protect the environment.
